

New Release: Forged Aluminum 1-piece Wheel "FI-R"

Wheels should be tough. This is the strong belief of BBS.

FI-R is the ideal wheel from BBS, created by drastically reducing weight from every part of the wheel, including the rim and even the smallest details of the spoke. This wheel is the result of pursuance for BBS's technology cultivated in rich motorsports experience such as F1 and SUPER GT.

"The Wheel Purly for Sports" are perhaps the best words to describe this product.

It is the "special one wheel" from BBS, the ultimate design for an Aluminum alloy one-piece wheel.

Orders Start in July
