## Releasing Android Version of BBS Japan Wheel Fitting App

We are delighted to announce that we released the Android version of our wheel fitting simulation app, following the iOS version we released last year. With this application, you can attach BBS Forged wheels to your vehicle by AR and rotate the image 360°. This app is now available on Google Play Store.

Thank you for your continued support.

System Requirements: \*OS: Android 7.0 or above  
Internal Storage Space: 12MB

Screen: Landscape Orientation, Language: Japanese & English
