

# The Finest Choice

What BBS is passionate about, that is its unwavering spirit;  
transcending eras and generations,  
beyond the time spent with BBS.

BBS will be the only one to share the life together.

BBS is determined to create  
the most authentic high-performance wheels.

BMW M8 Coupe + R1-D

# R1-D

**Forged extra-super duralumin 1-piece wheel**

**Ultimate lightness and strength with a unique beauty.**

At a glance, a timeless sense of beauty and craftsmanship of the ultra-lightweight wheels with 5 crossed spokes design convey the inspiration of driving and the sense of lightness. The lightest BBS extra-super duralumin forged wheel, BBS pioneered the introduction of this model in the world in 2011. Extra-super duralumin boasts the highest strength and durability among all varieties of duralumin, a strong aluminum composite material, and extra-super duralumin is known as an aircraft metal. BBS original design embodies these characteristics in a high-quality standard.

Supreme functional beauty for the ultimate in pure sports driving.

Refine the lightness with tough strength. This belief, the true identity of BBS wheels, has been sublimated with innovative technology in "Pure Sports Wheels". The sides of the cross spokes are Shape-up and further drilling were applied in pursuit of weight reduction. This bold design, derived from the relentless pursuit of performance, is a supreme functional beauty with nary a hint of waste.

# FI-R

Forged aluminum 1-piece wheel

Forged aluminum 2-piece wheel

The "Le Mans" states the tradition, an orthodox style with a touch of class.

The style is basic yet dignified, with the image of orthodoxy. Since its debut in 1994, this long-selling model continues to be loved around the world. Based on the BBS racing wheels that have always been chosen for the machines competing in the "24 Hours of Le Mans Endurance Race". This two-piece forged aluminum wheel proudly carries the race name ... Le Mans.

LM

Audi S4 Avant + FS

# FS

Forged aluminum 1-piece wheel

The luxurious appearance adds the refinement on the finest European cars. Enjoy the refined driving experience of a European car and resonate with a relaxed mind. We pursued such a luxurious appearance. Extending and expanding 12 spokes design, the sharp style with straight lines create a luxurious atmosphere and enhance the FS image of European cars further.

TOYOTA GR86 + RE-V7

# RE-V7

Forged aluminum 1-piece wheel

Harmony of design and performance reminiscent of the world's most prestigious races.

The sports model is based on racing wheels supplied to NASCAR®. The traditional cross spokes, which are instantly recognizable as BBS, are the same 7 cross spokes used in the world's most prestigious races such as NASCAR® and F1™. The specially shaped three-dimensional spokes create a powerful impression, while offering the super lightweight. Achieving the ultimate in both beauty and performance.

MAZDA ROADSTER + RP

# RP

Forged aluminum 1-piece wheel

Enhances the nimbleness of lightweight sports from the wheels. The sharply styled 8 cross spokes combine the lightness and toughness of forged wheels. The wheels give the impression of lightness in appearance, and also add color to the wheel of lightweight sports. The shaped rim flange has the engraving, an F1™ taste.

## FZ-MG Forged magnesium 1-piece wheel

The lightweight material is thick and smooth in form and beauty. The presence of the whole body piece decorates the driving style of high-end cars.

19 inch  
5/114.3 5/120.0 (H/P.C.D)

Please see BBS website for additional product details including information on compatible vehicles

## FR-D Forged extra-super duralumin 1-piece wheel

Innovative design with intricate and delicate molding. The style is reminiscent of supercars of the near future.

20 inch  
5/112.0 (H/P.C.D)

Please see BBS website for additional product details including information on compatible vehicles

## RZ-D Forged extra-super duralumin 1-piece wheel

The ultra-lightweight model with a majestic appearance. Creating an even more luxurious feel on driving style of high-end cars.
