The Notice of Termination of BBS Customization Service

Dear Valued Customers,

BBS Japan has continuously discussed with Face Wheels about BBS Customization Service in order to establish/improve BBS brand image in China since 2014.

Despite Face Wheels' utmost effort to achieve success on this project, BBS Japan are forced to decide to terminate the project on 25th October, 2018 upon mutual agreement with Face Wheels, considering recent expanding demand of our products and productivity improvement etc.

We very appreciate your kind interesting in this project up to today and your kind understanding about the situations.

Best Regards,

www.bbs-japan.co.jp
